Drage kolegice i kolege,

ponovno se susrećemo nakon 2 godine. Pandemija i COVID-19 značajno su utjecali na naše živote. Kao struka, na ovo razdoblje možemo gledati s ponosom kako smo se uspjeli smisljeno i brzo prilagoditi situaciji, te nastaviti svoju zadaću u provođenju zdravlja i dobrobiti životinja i javnom zdravstvu.

Ne želimo da i 2021. ostavi praznu stranicu edukativnih sadržaja u našoj struci stoga OVMPH organizira 6. Kongres veterinarima male prakse u Rovinju, 19. - 21. 11. 2021. godine u Maistra hotelu Eden.

Program kongresa pruža veterinarima priliku izvanrednog kontinuiranog obrazovanja. Predavanja će održati svjetski stručnjaci koji će pokriti teme iz unutarnjih bolesti, radiološke dijagnostike i managementa u veterinarskoj praksi.

Tijekom kongresa jedan od gostujućih predavača je i dr. Denis Novak, predsjednik FECAVA-e koji će održati dodatno predavanje "BOAS - is there a light at the end of the tunnel" posvećeno borbi veterinarima za zdravlje i dobrobit brahicefaličnih pasmina, te njihovoj opstruktivnoj bolesti dišnog sustava. U Zborniku ćete pronaći i nove FECAVA infografike iz područja anestezije i analgezije koje možete koristiti u svakodnevnom radu kao protokole za sigurnije provođenje anestezije i analgezije. FECAVA je također predstavila i infografike o globalnim načelima veterinarske kolegijalnosti. Reference infografika i dokumenti u PDF formatu dostupni su za besplatno preuzimanje s web stranica WSAVA i FECAVA. Svi su infografici prevedeni na hrvatski jezik. Potičemo javnu objavu infografika kako bismo iskazali podršku za uključivost, nediskriminaciju i poštivanje kolega veterinarima širom svijeta.

Neizmjereno smo zahvalni svima koji su podržali i omogućili održavanje Kongresa, prvenstveno sponzorima i izlagačima bez kojih ovaj skup ne bi bio moguć. A i Vama drage kolegice i kolege zahvalni smo što prepoznajete važnost edukacije kroz godine prakse i tu ste s nama svake godine u sve većem broju!

Naravno da obećavamo i neizbježnu dobru zabavu ;) !

Veselimo se susretu i vidimo se u Rovinju,

Lea Kreszinger
Predsjednica OVMPH

OPĆE INFORMACIJE / GENERAL INFORMATION

Mjesto održavanja kongresa / Congress venue

MAISTRA HOTEL EDEN, Luja Adamovića 33, Rovinj

Datumi kongresa / Congress Dates

19. - 20. 11. 2021.

Službeni jezici kongresa / Official Languages

NEDJELJA 21. 11. 2021. / Saturday November 21st 2021

Hands-on workshop in peritoneal dialysis

Lecturer: Alexandru Bogdan Vitalaru (ROM)

Venue: Maistra hotel Eden, Rovinj

Number of participants: 16 - 20 persons

Ciljevi radionice su polaznicima objasniti principe peritonealne dijalize, prikazati vrste katetera, njihovo postavljanje i njegu. Svaki bi veterinar trebao moći obaviti omentektomiju. Tekućine za peritonealnu dijalizu će biti navedene kao i njihov postupak zamjene. Na radionici će polaznici dobiti upute za praćenje pacijenta koji prima peritonealnu dijalizu, listu komplementarnih lijekova, kao i upute za moguće probleme i komplikacije.

WORKSHOP OBJECTIVES: Peritoneal Dialysis Principles, Peritoneal Catheter Types, Placement, Suture and Care, Omentectomy - The Surgical Technique, Peritoneal Dialysis Fluids, The Fluid Exchange Procedure, Monitoring the PD Patient, Problems and Complications, Complementary Medication.

08.00 - 09.30	Peritoneal dialysis, principles and techniques (theoretical presentation)
9.30 - 10.30	Peritoneal dialysis, case presentation (theoretical presentation)
10.30 - 11.00	Pauza za kavu / Coffee break
11.00 - 12.00	Peritoneal dialysis, "hands on" demonstration
12.00 - 13.30	Peritoneal dialysis, "hands on", individual work under guidance and question for dr Alex
13.30	Farewell lunch package

POZVANI PREDAVAČI / INVITED LECTURES

Yi Cui (CH)

Yi Cui studied veterinary medicine and completed her rotating internship at the university of Ghent in 2012. After visiting several European veterinary medicine faculties she started her residency at the University of Giessen and obtained her diploma of European college of internal medicine in 2019. After working as a supervisor in Internal Medicine in Giessen she moved to the University of Bern to continue her work there as supervisor. She is currently also working on a doctoral thesis about canine tracheal collapse.

Elli Kalemzaki (GR)

With 20 years in the veterinary industry and veterinary marketing and extensive experience in coaching and leading workshops across Europe, Elli is passionate about helping veterinary professionals break out of the busy trap, build a more profitable veterinary practice, improve relationships with clients and employees and enjoy a work life balance. Elli is a graduate of the Faculty of Veterinary Medicine of the Aristotle University of Thessaloniki in Greece and holds a postgraduate degree in Public Health from the National School of Public Health in Athens, Greece. She is a Professional Coach accredited by the International Coach Federation since 2010 and a Certified Practitioner of Neuro Linguistic programming since 2012. Elli lives and works in Prague, Czech Republic since 2013.

POZVANI PREDAVAČI / INVITED LECTURES

Bogdan Alexandru Vitalaru (RO)

Assistant Professor Bogdan Alexandru Vitalaru graduated the Faculty of Veterinary Medicine of Bucharest in 2004, PhD ever since October 2009. Since January 2008, he is a University Assistant and, from January 2016, Assistant Professor at the Faculty of Veterinary Medicine of Bucharest.

Over the years he has written more than 100 scientific papers on topics related to oncologic surgery, dialysis, hemodialysis and emergencies. His last book it is completely dedicated to Peritoneal dialysis in small animals and it will be released also in English in Bulgaria, Turkey and Poland.

Since January 2014, in collaboration with BBraun Romania, within the Faculty of Veterinary Medicine, he opened the first Veterinary Hemodialysis Clinic in Romania and one of the few in Eastern Europe. Starting 2013, he established the Romanian Association of Veterinary Nephrology, Hemodialivet, whose Chairman he is.

In the last 7 years, Dr. Vitalaru has been a lecturer for Hills Romania and KTL in Romania, and Europe regarding urology, nephrology and renal replacement therapies. He is also leading the emergencies Department of the Faculty of Veterinary Medicine of Bucharest since 2015.

He was awarded with the Continuing medical education prize - AMVAC/RoSAVA, Sinaia 12-14 November 2015 and SPEAKER OF THE YEAR - Romanian College of Veterinarians, Bucharest, 17 December 2015.

He has written 4 books on emergencies in small animals and he is a member with some of the most prestigious publications in Romania: Cat life, 2015, Romanian Journal of Veterinary Orthopedics and Imagistic, 2015, Romanian Journal of Veterinary Medicine & Pharmacology, 2016. In 2016, Dr. Vitalaru has received the Special Prize for the best veterinary initiative of the year - Innovation in Health.

POZVANI PREDAVAČI / INVITED LECTURES

Denis Novak (SRB)

DVM at the Faculty of Veterinary Medicine, University of Belgrade. He is one of the founders and partners in Veterinary Clinic Novak, Belgrade with referral and first opinion service. In 2002 he completed post graduate training at the University of Cambridge - Veterinary School gaining the MRCVS status. Since 2002 he holds European degree for Radiological assessment of hereditary skeletal diseases in small animals - GRSK.

Denis is President of FECAVA - Federation of European Companion Animal Veterinary Association, president of SASAP - Serbian Association of Small Animal Practitioners, Continuing education coordinator for the Eastern European region and chairman of Eastern European Regional Veterinary Conference (EERVC). He organized and co - organized more than 120 various CPD events.

Denis is recognized international speaker on small animal diagnostic imaging, soft tissue surgery, reproduction and general clinical topics.
